

Best technology, exactly for your needs

Equipment

VetterTec equipment stands for high reliability, complimented by robust and innovative design. We offer and supply:

- / Screw Presses
- / Tube Bundle Dryers
- / Ring Dryers
- / Flash Dryers
- / Spray Dryers
- / Fluid Bed Dryers
- / Coolers
- / Brewery equipment as

- / Silos and dosing screws for wet spent grain
- / Wet spent grain conveyors
- / Buffer tanks for wet spent grain

Systems

VetterTec systems maximize equipment advantages by ensuring optimum energy integration with a guaranteed single point responsibility. We offer and supply:

- / **Protein Animal Feed (DDGS) Systems** including Dryer, Evaporator, Pelletizer, Cooler
- / **Corn Starch Systems** including feed dewatering and drying, germ dewatering and drying, gluten dewatering and drying, starch drying and feed pelletizing
- / **Wheat Starch Systems** including Starch Dryer, Gluten Dryer, Feed Dryer, Pelletizer, Cooler
- / **Brewery Spent Grain Systems** including wet spent grain collection, buffering, conveying, pre-dewatering, drying, pelletizing

Driven by Competence

VetterTec as part of Moret Industries Group combines a total of more than 150 years of specialization and experience in evaporation, drying and dewatering equipment for the ethanol, brewery, starch, environmental, chemical, food and alcohol industries.

VetterTec has experience with the majority of dryer and evaporator types and can select the optimum technology from self owned technologies without any preference.

VetterTec has a broad product know-how in a wide range of industries.

VetterTec solutions combine energy efficiency with the highest product quality.

VetterTec can offer integrated solutions with incorporated energy recovery.

VetterTec operates worldwide and has profound experience in various industries.

VetterTec offers reliable and approved technologies ensuring highly assured capital investment.

VetterTec has a highly secure financial backup as part of the Moret Industries Group.

Parts and Service

VetterTec parts and service is working in close relationship with the customer to ensure an optimized product lifecycle in terms of cost and performance. We offer and supply:

- / Plant Performance Optimization
- / Troubleshooting
- / Training

- / Plant Retrofitting
- / Preventive Maintenance
- / After Sales Services

Welcome to VetterTec

VetterTec is a specialist company in the Moret Industries Group with the focus on the global supply of dewatering and drying solutions for the ethanol, brewery, starch, environmental, chemical, food and alcohol industries.

VetterTec is able to act as a strategic development partner and a system or equipment supplier depending on customers' needs.

VetterTec systems and equipment are renowned for their sound design, engineering, process quality and efficiency. Ranging from fluid bed dryers, flash and ring dryers, industrial spray dryers, through to tube bundle dryers, evaporators, presses and brewery conveyors and storage equipment, customers have a wide range of flexible and fully customizable solutions to choose from.

What you get:

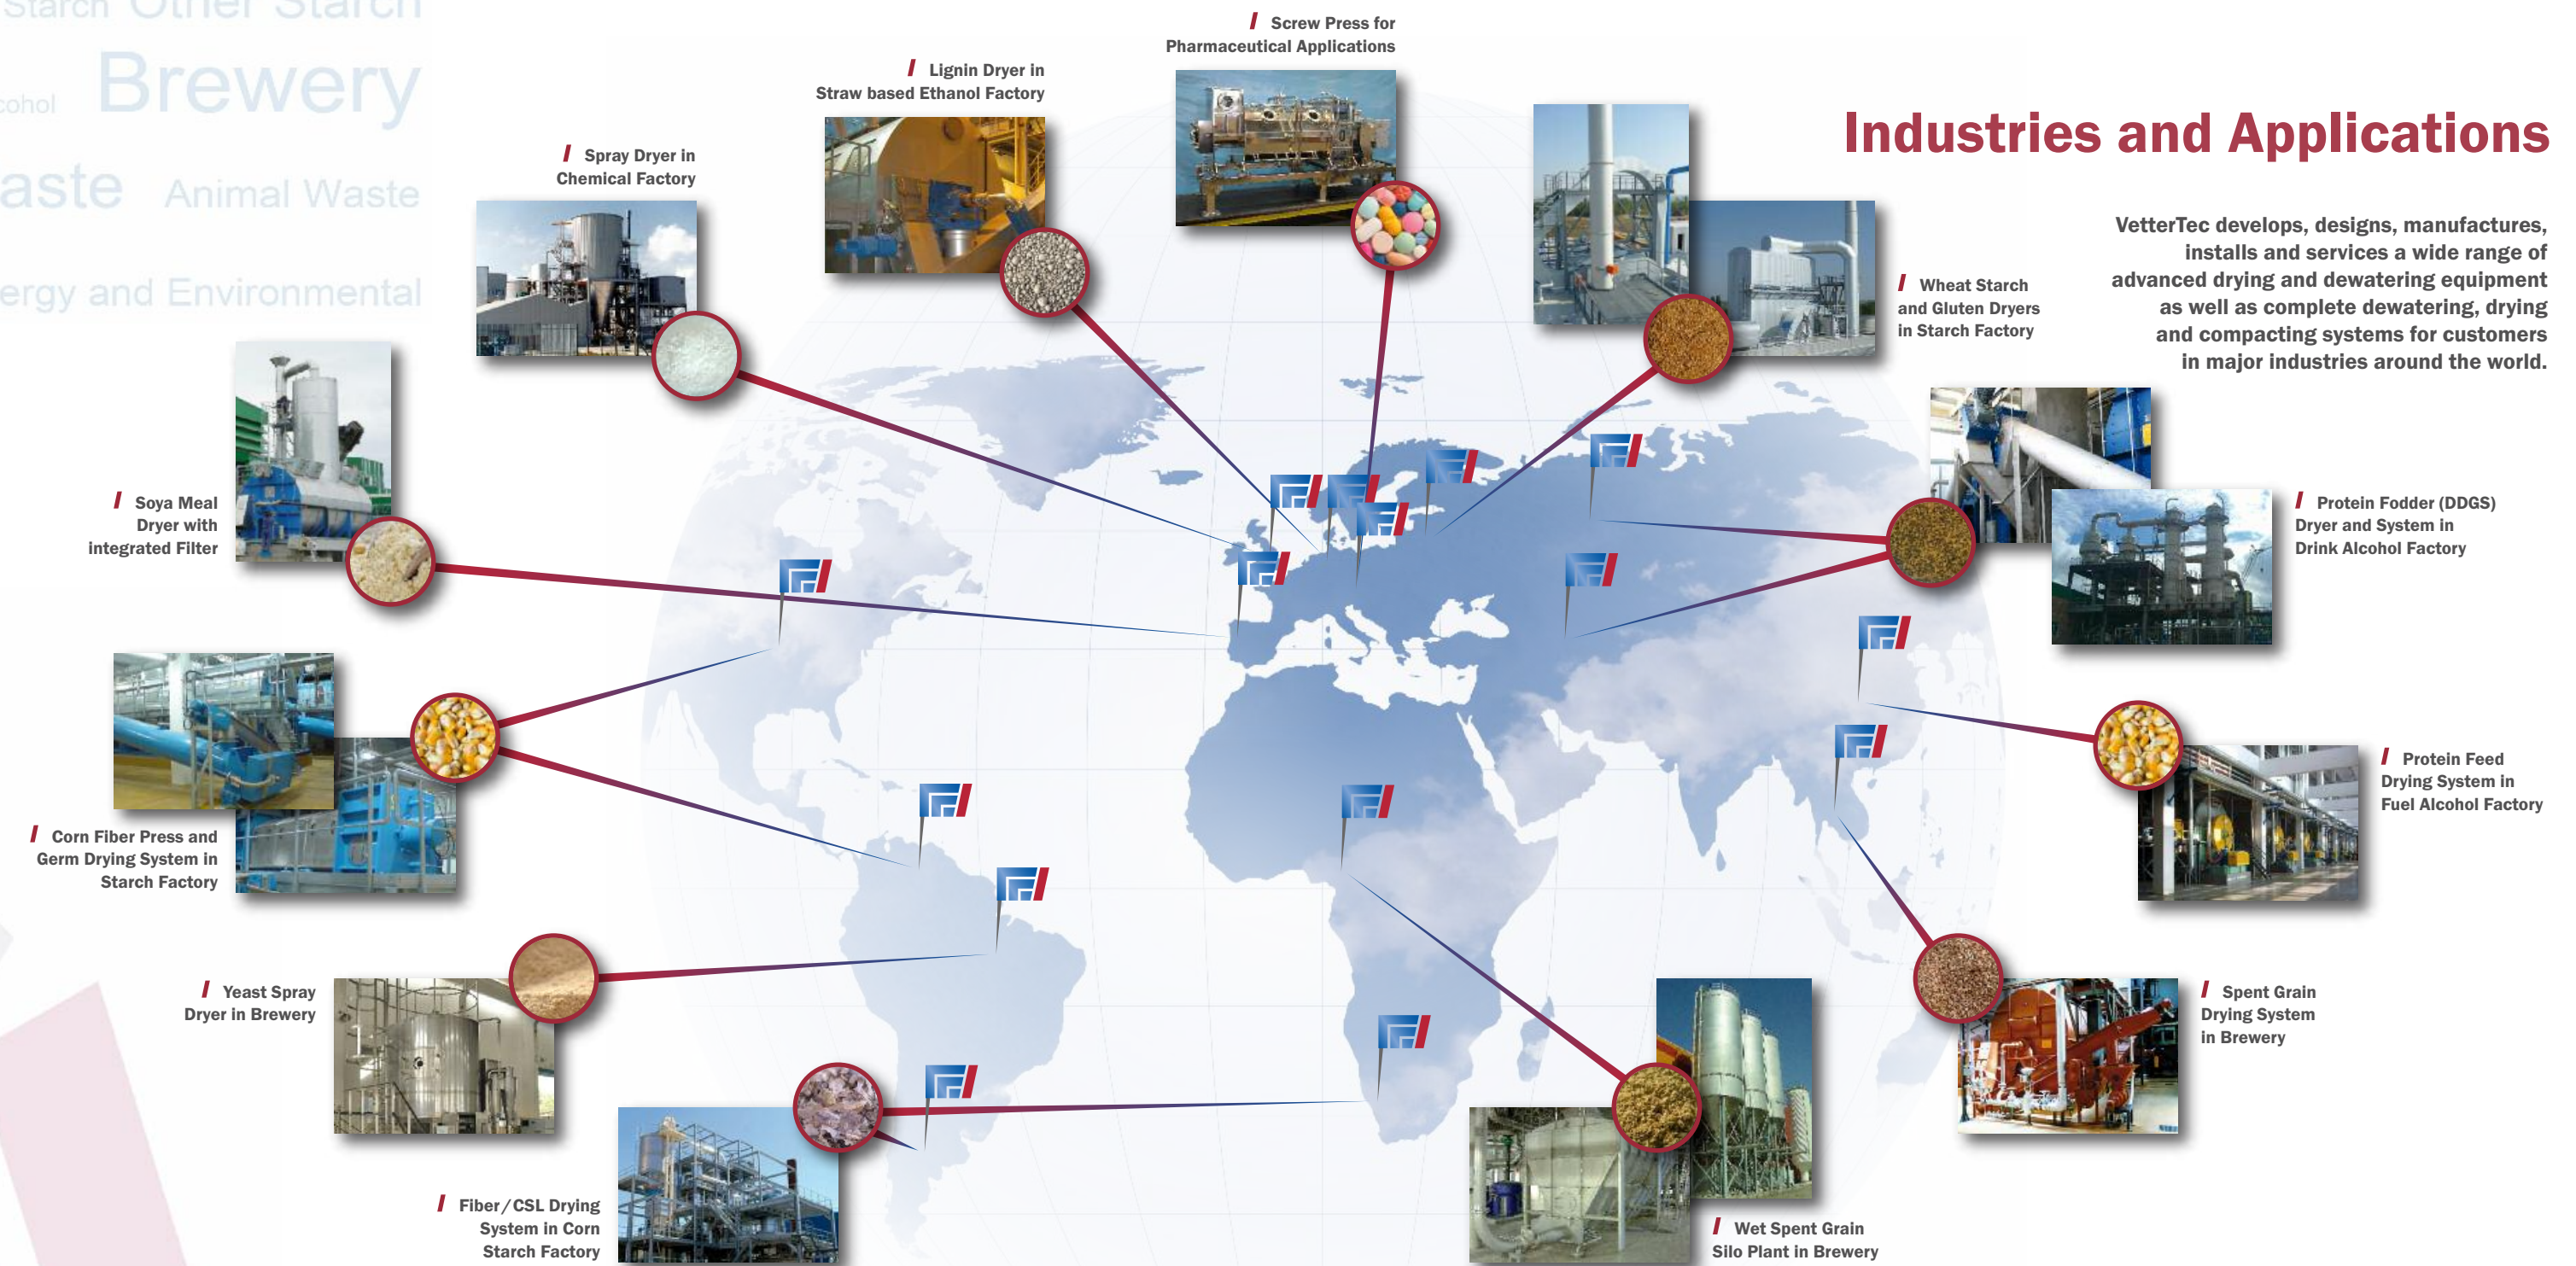

- ! All technologies are group designed and manufactured
- ! Best technology well selected for your application
- ! Focused technologies and applications
- ! Innovative and sophisticated solutions
- ! Optimized and integrated drying processes
- ! Cost effective solutions

Our process engineers will assist you in optimizing your performance, quickly and cost-effectively. Our clients count on our service organisation to optimize their ROI utilizing VetterTec customized solutions.

Over 1500 reliably operating drying solutions and systems supplied worldwide, confirming our slogan **SUCCESSFUL DRYING SOLUTIONS.**

Industries and Applications

VetterTec develops, designs, manufactures, installs and services a wide range of advanced drying and dewatering equipment as well as complete dewatering, drying and compacting systems for customers in major industries around the world.

„Around the world,
 around Customers' Needs“
